Home Hotel is located in the later, the area’s new moniker refers to the many TV channels and radio stations, film production studios and the high count of celebrities frequenting its many bars & restaurants. COMMON AREAS

LOBBY

“Low-key attitude and quirky design sense that mixes vintage scandinavian furniture and whimsical parisian wallpaper.”

**– The worlds coolest hotel rooms,
Bill Tikos (coolhunter).**

At Home we feel a Lobby is an important part of a hotel experience, the new fad in other Buenos Aires hotels with no lobby is not part of who we are. A lobby is a place where one can relax, read a magazine, listen to some specially selected music (by owner and record producer Tom Rixton) or browse some of our coffee table books. Just like one would in his/her own living room at Home.

RESTAURANT & BAR

“The cocktails and cuisine are presented beautifully and are varied and delicious, bravo to the inventive chef.”

**– Nancy and Robert,
Dan Mautone, USA,
Home Guest Book.**

The social heart of Home Hotel, the restaurant & cocktail bar opens from 8am to midnight. Here guest can mingle with the fashionable locals and enjoy a a glass of malbec or a range of signature cocktails. Food is lovingly prepared by Head Chef Verónica Yarte using fresh, local and seasonal produce. Bar snacks are served throughout the day. On weekends Home Hotel Brunch is popular with porteños and guests alike. Home Hotel Bar was selected in 2014 by the International Bartenders Association as one of the 10 Best Hotel Bars.

GARDEN & POOL AREA

***“An incredible & beautiful
respite in this amazing city.”***

**– Shawn and Anna,
Chicago, IL,
Home Guest Book.**

A lush green garden filled with jazmin, ferns and native plants and trees is an oasis that provides respite in a busy metropolis. A unique space for relaxation, and enjoyment of a tranquil breakfast or a night cap. The pool (9m x 3.5m) opens from October to March, provides sun and a refreshing splash after a days working or sightseeing.

SPA

“The Spa day treatment is one of the cities best deals.”

– Quantas inflight magazine, Australia.

Home Spa is small but perfectly formed – a place where relaxation reaches new heights. Whether to recover from a flight, to recharge after a day’s work or to pamper oneself after a long day sightseeing, Home Spa offers guests a range of massage, body & facial therapies to suit your needs, moods and wants. Our products are organic and derived from Southatlantic seaweed (the cleanest and purest in the world).

GREEN HOME

“Also, did I mention this hotel is GREEN? Swanky and environmentally conscious. What’s not to love?”

**– P1PPA,
Chicago, Illinois,
Tripadvisor.**

Home is proud to have pioneered ‘eco-design’ and many other environmentally-friendly business practices to the Buenos Aires hotel scene.

We partner with community organisations to ensure we recycle as much as we can, for everyone’s benefit. We work with returnable and reusable packaging.

Some of Homes initiatives are:

Custom-made reusable pump dispensers for toiletries to reduce unnecessary disposal of plastics

Individually-controlled gas central heating and air conditioning, and low wattage bulbs / LED in outdoor areas, LED lighting in common areas to increase energy efficiency.

Electricity cards which turn off the power when the room is empty, and motion sensors in the common areas, so that the lights will never be on when nobody’s home.

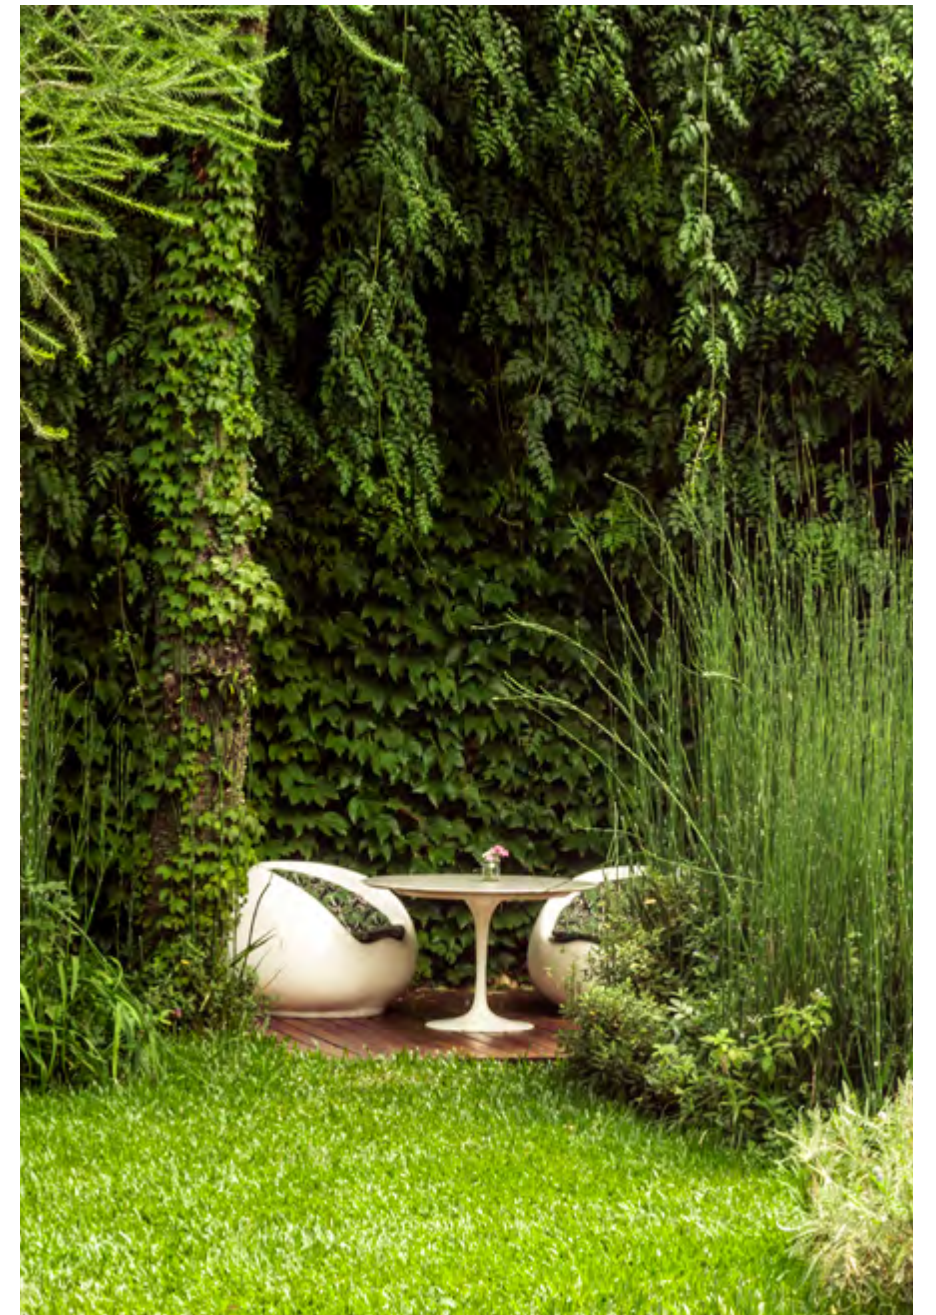

Our own specially-developed natural toiletry products

Separating Home’s rubbish at source and working with NGOs for collection of plastic, cardboard, glass, batteries and oils.

Collecting plastic bottle tops to the Hospital Garrahan, which uses them in fundraising projects.

Donating linnens to San Jose Geriatric Home and other institutions that care for children and young adults.

As an employer, we feel socially responsible for those workers whose businesses touch ours. We inspect the factories and offices of our suppliers, services providers, to ensure that working environments are clean and above board, and that the workers are treated well. All Home staff receive training about running an environmentally-conscious business. And we love to support our local food shops when we put together our natural restaurant menu!

SERVICES

“This hotel stands out for the service. Every detail was attended to, and nothing was a problem. It was as though the staff anticipated any problems that could happen with traffic, taxis, restaurants etc and had it all covered.”
