

# CONCEPT

## KiCHIC was born from the HERE and NOW

On this journey called life, we realize how little by little we have abandoned what's primitive, simple and essential.

By opening up to forgotten spaces we rediscover the connection that keeps us alive, that opens our intuitive, creative, loving, patient, solitary, and simple existence. For us, Mancora is: Connection.

And the idea of KiCHIC was born HERE.

Mancora NOW has a place that focuses on rejuvenating people's energy and recapturing mind, body and spirit.

## The Meaning of KICHIC

The word Ki in ancient Japanese means energy or universal life force.

The word Chic is synonymous of refinement, style, taste, creativity and culture.

The combination of the two, perfectly defines our Hotel and its spirit.

# LOCATION

Kichic is located in Mancora, Peru. This traditional Fishermans Town is the most popular beach destination in Peru.

Mancora is well known for its dry weather, the legendary Surf and Kitesurf Spot and Sun throughout the entire Year.

We are located about 5 km from Mancora center, on a more private and exclusive beach area called, Las Pocitas or Mancora Chico.

To arrive to Mancora you may consider 3 airports with daily flights from Lima: Piura, Tumbes or Talara.

The final travel time from the airport to Mancora, by car/taxi, can last from 45min to 2,5 hours, depending of the airport. Talara and Tumbes are usually the most convenient, with LAN airlines.

We work with trustworthy taxi companies to organize your transfers.
