

VILA MONTE

FARM HOUSE - ALGARVE

FACTS & FIGURES

A new concept, the same Algarve.

The epitome of the classic FARM HOUSE: a timeless simplicity, a local, genuine atmosphere and a BOHO-CHIC spirit. A reinterpretation of the Algarve lifestyle, with the perfect integration of its emblematic elements.

Vila Monte Farm House conveys the tranquility and comfort of a unique and inspiring place. The architecture is inspired by the traditional Algarve buildings with its whitewashed chimneys (“açoteias”), terraces and stairways.

The hotel’s 9 hectares are beautifully enhanced with aromatic herbs, a vegetable garden, an orange grove and the gardens various ponds and recesses. Divided into different buildings, each room is unique in its features and atmosphere.

Discovering new flavors at the À TERRA restaurant or laying in the sun in a desert beach are some of the experiences you can live at the new Vila Monte.
