LA CANTERA
LODGE DE SELVA - IGUAZU

Fact Sheet

La Canterera Jungle Lodge Iguazu was carefully built preserving the environment and having the least impact possible. In the 3 hectares of the facilities there are trees of over 400 years old (Purging cassia tree) and others which are protected because they are endangered species (Rosewood).

Our Lodge is featured to be an innovating, exclusive proposal and to provide first class services bringing us closer to each passenger. Ideal for vacations, romantic trips, honeymoons, corporate resting, incentive trips, family reunions, relax and adventure in Misiones Jungle.
